

Drive efficiency with the **BucketDescaler™** from SpeedClean™

Designed specifically for on-demand tankless water heaters, the BucketDescaler from SpeedClean quickly eliminates scale buildup on heater elements and other critical parts. In hard water areas, heaters can lose 25% of their efficiency in as little as 30 days, resulting in dramatic loss of heating efficiency and higher energy costs. Now with the BucketDescaler, keeping units performing at top efficiency is easy.

Simply attach BucketDescaler to the in/out water connections and its automatic circulation does the rest, **eliminating limescale and other deposits in minutes.** Features like durable acid proof pumps and fittings, extra long hoses and optional re-circulation valves make a quick job of any water heater maintenance. Plus, the unit is small and powerful, and easily fits into any contractor truck. **Now that's efficient.**

Compact and durable

Use on tanked heaters also

- Eliminates limescale and other deposits from tankless and standard water heaters.
- Mounts on to 5 gallon bucket (included). Cleans a standard hot water heater in 20 minutes*
- Simply attach to water in/out and circulate with SpeedyBright liquid descaler for best results
- Includes everything needed to descale tankless and traditional water heaters

*2.5 gal capacity at .5 lbs lime scale buildup

SPEEDCLEAN™

BucketDescaler™ from SpeedClean™

Spare Parts & Accessories

SpeedyBright

Powerful limescale remover. Safe for potable water systems and biodegradable. Classified by UL to NSF/ANSI Standard 60.

Part No: SPDYBRT-CS

Recirculation Valve Kit

Increase the descaling power of your unit. This optional valve allows additional descaling chemical to be drawn into unit for larger water heater maintenance.

Part No: SC-DS-5-VLV-KIT

Extension Hoses

Set of 2 Six ft. Extension Hoses

Part No: SC-DS-5-EXTHOSE

Outlet Hose

High grade hoses for in/out water and bucket connections

Part No: SC-DS-5-HS-OTLT

Features

3.3 GPM acid proof pump quickly re-circulates liquid for optimal performance

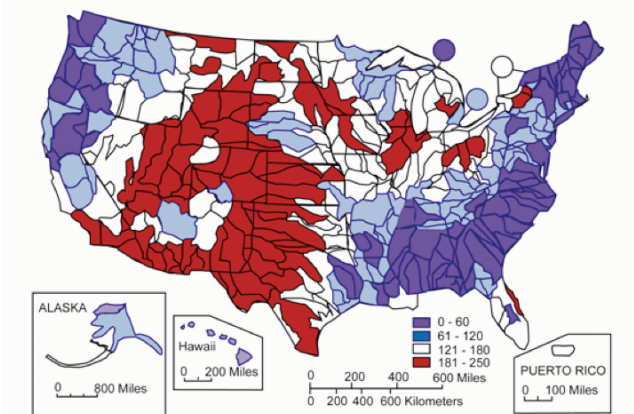

Fits virtually any 5 gallon bucket (included)

Specifications

Part Number:	SC-DS-5
Cord Length:	12'
Hoses:	(2) 6'
Capacity:	4 gal. (variable)
GPM:	3.3 GPM Max
Amps:	1
Voltage:	120V, 50/60 Hz
Item Weight:	7 lbs
Included Accessories:	(2) 6' in/out hoses, 5 gallon bucket, power head assembly
Limited Warranty:	1 Year

CONCENTRATION OF HARDNESS AS CALCIUM CARBONATE, IN MILLIGRAMS PER LITER

Areas with hard water (blue/white/red) will experience faster calcification of heater elements. Regular maintenance is suggested to maintain peak water heater performance.
