

Sustainable Coils, LLC

Built to last!

Our replacement coils are designed for the repair of existing HVAC systems that require a new indoor coil when the original coil has failed and is no longer in warranty.

Our stock A-coils offer the following features:

- Low Profile 3 row A-coils sized to “fit the hole” of past R-22 and R-410A applications
- Durable plastic drain pans in popular widths
- UNIGUARD® by Luvata copper alloy rifled tubing for protection against formicary corrosion
- Aluminum end plates for rust reduction
- Piston metered for R-22 refrigerant, R-410A piston attached to the top of the coil
- Pre-swaged line connections, shipped with a dry nitrogen holding charge
- Five year replacement warranty

Also available from Sustainable Coils:

- Cased stock A-coils
- Mobile Home coils
- Horizontal Slab coils
- Trane/American Standard TWE, TEC, TEE, TEH air handler replacement coils
- Carrier/ICP F-series air handler replacement coils
- Nordyne replacement coils
- ICP EPA/EXA replacement coils
